Directions: After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

Criteria	Student Checklist		Teacher Evaluation
	Completed	Not Completed	Comments
Create a Photoshop document 8.5 x 11 inches, 150 ppi.			
Make the foreground color brown and the background black. Use filters to create a wood texture.			
Modify the texture with a white layer and a layer mask to create a 100 px wide border. Save as a JPEG or TIFF file.			
In Publisher, open your Project 6-7 file and create a master page.			
Center align page numbers at the bottom of all pages but the first. Use the newsletter name as a footer in white, 12 pt Ravie.			
Insert the <i>Wood</i> texture frame. Move it behind the footer.			
Close the Master Page and check to see that the frame, footer, and page numbers are visible on all pages.			
Check for spelling and other errors and revise as necessary.			
Evaluate your design according to PARC principles.			
Follow directions to save and print your work.
