

### 3 Independent Practice (page 288)

#### Create a CD Cover and Insert

**Directions:** After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

| Criteria   | Student Checklist |               | Teacher Evaluation |
|--|-------------------|---------------|--------------------|
|  | Completed         | Not Completed | Comments           |
| Plan a design that will suit the type of music and your audience.  |                   |               |                    |
| Create a title for your CD. Write titles and descriptions for all the songs you plan to include.                             |                   |               |                    |
| Write a short biography of yourself or your band.  |                   |               |                    |
| Take a photograph of yourself to include on the cover. Edit in Photoshop, using filters and effects to enhance your message. |                   |               |                    |
| Draw thumbnails by hand for the back, front, and inside of the CD booklet.   |                   |               |                    |
| Use layout software to create your booklet. Make sure it will fit into a CD case.  |                   |               |                    |
| Add a background and other design elements that repeat on all panels of the booklet.   |                   |               |                    |
| Make sure body text is in an easily readable font.   |                   |               |                    |
| Check for spelling and other errors and revise as necessary.   |                   |               |                    |
| Evaluate your design according to PARC principles.   |                   |               |                    |
| Follow directions to save and print your work.   |                   |               |                    |
