

UNIT 5 Design as a Team Projects Across the Curriculum

Project 2 (page 445)

Create a Math Study Guide

Directions: After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

Criteria	Student Checklist		Teacher Evaluation
	Completed	Not Completed	Comments
Choose a grade level for which to develop a math study guide. Determine the concepts to include.			
Write the text. Find images to illustrate the study guide.			
Use Publisher to lay out an 8-page booklet for the study guide.			
Create a master page to repeat design elements.			
Use at least two fonts or font styles.			
Create a style sheet to ensure text consistency.			
Use Photoshop or Illustrator to create or modify digital images.			
Evaluate your booklet according to PARC principles.			
Check for spelling and other errors and revise as necessary.			
Follow directions to save and print your work.
