

Reading Tip

Monitor your reading by slowing down when reading difficult passages and speeding up when reading easy passages.

Target Your Reading

Use this to focus on the main ideas as you read the chapter.

- 1 Before you read** the chapter, respond to the statements below on your worksheet or on a numbered sheet of paper.
 - Write an **A** if you **agree** with the statement.
 - Write a **D** if you **disagree** with the statement.
- 2 After you read** the chapter, look back to this page to see if you've changed your mind about any of the statements.
 - If any of your answers changed, explain why.
 - Change any false statements into true statements.
 - Use your revised statements as a study guide.

Before You Read A or D	Statement	After You Read A or D
	1 Matter is anything that has mass and takes up space.	
	2 During a physical change, the identity of a substance changes.	
	3 Color, shape, length, mass, and density are physical properties.	
	4 Nonmetals are malleable and ductile.	
	5 There are three states of matter.	
	6 Matter has chemical properties.	
	7 Flammability is a physical property.	
	8 Mass is destroyed in fires and chemical reactions.	
	9 The production of heat and light are signs that a chemical change has occurred.
