

## Virtual Lab Activity 8.1

# Electrical Engineering

- 1. Observe** Watch the electrical engineering animation. Give brief descriptions of what typical electrical and electronics engineers do. List and describe three types of engineering problems that an electrical engineer may solve.

---

---

---

---

---

---

---

---

- 2. Execute** Research the education and experience needed to be an electrical engineer or an electronics engineer. Use the United States Bureau of Labor Statistics Occupational Outlook Handbook to find information. Record the information you found about the courses used, education needed, job descriptions, and job outlook for electrical and electronics engineers.
