## Wardrobe Advice

**Directions:** Imagine that you write a weekly “Helpful Hints” column in a local newspaper. Several teens have written to you to ask for advice on storing their clothes. After reading each letter below, write a response. Give reasons for each recommendation that you make.

**1. Dear Helpful Hints:**

This past winter, I received a wool sweater as a gift. I love wearing it, but now summer’s coming, and I won’t be wearing sweaters for several months. What can I do to keep my sweater in good condition over the summer?

**2. Dear Helpful Hints:**

Last month, I spent hours pressing wrinkles out of my clothes. Then I carefully hung everything in my closet or folded it and put it in my drawers. When I went to wear the clothes I had ironed, they were creased and wrinkled again. How can I keep my clothes wrinkle-free?

**3. Dear Helpful Hints:**

It’s the end of summer and I’ve got some time. I’m wondering how to make this school year a good one “wardrobe-wise.” Any ideas?
