Chapter 11 After You Read Answers

Section 11.1 After You Read Answers
Review Key Concepts
1. The Arts, A/V Technology, and Communications career cluster includes careers such as graphic artist, actor, videographer, reporter, cable installer, and press supervisor. The Information Technology career cluster includes careers such as technical writer, programmer, network administrator, and Web designer.
2. Curricular learning opportunities involve taking classes. Career-based learning opportunities involve interning or assisting someone in his or her job. Extracurricular learning opportunities involve participation in such things as after-school clubs. Service learning opportunities include volunteer work.

Practice Academic Skills
3. Presentations will vary but should show the career outlook for three different multimedia careers over the next five years.
4. Essays will vary but should contain the training, education, and certification requirements for a multimedia career.

Students can use the Online Student Manual and their multimedia software to apply the skills learned in this section.

Section 11.2 After You Read Answers
Review Key Concepts
1. Résumés should include personal contact information, career objective, education, work experience, skills, awards and achievements. Hobbies and interests and references are optional.
2. Students should list three of the following: promptness, making the most productive use of your time, a positive attitude, respect, collaboration and teamwork, and leadership and listening skills.

Practice Academic Skills
3. Paragraphs will vary but may include graphics, video, animation, and audio.
4. Time lines will vary depending on the multimedia career chosen. Time lines should include milestones and target dates.

Students can use the Online Student Manual and their multimedia software to apply the skills learned in this section.
